February 2026 Program Summary and Upcoming Events:

- In February, EE Staff saw 103 guests across 3 reserved programs and 3 public programs.
- We finished our winter Kettle Creek for Kids series and received 20 feedback surveys. 100% of participants agreed: "I feel more confident helping my child explore nature after this program" and 95% of participants agreed "This program got my child excited to get outside."
- Staff was very busy with maple sugaring setup ahead of our field trip groups and Maple Sugaring Community Days beginning the first week in March.
- In addition to prepping the site for sap collection, staff revised lesson plans for field trips and community day stations. This year, we contacted the Lenape Nation of Pennsylvania to include a traditional maple tree story, authentic to this area of Pennsylvania, in our program!
- We are also updating our 4th grade Tannersville Cranberry Bog classroom visits. With permission from The Nature Conservancy, we collected and preserved 5 different plant species that students will closely examine to determine their unique adaptations.
