September 2025 Programs and Attendance:

Number of Programs: 17

- 9 Reserved Programs
- 8 Public Programs

Program Attendance: 619

- 505 (Reserved Programs)
- 114 (Public Programs)

Daily Building Attendance: 126

- Building Open 24 Days

Total Attendance: 745

September 2025 Program Summary and Upcoming Events:

- EE staff saw 745 guests over 17 programs and 24 open days in the month of September.
- Highlights included many public bog walks including 2 popular fungi-focused walks.
- We saw East Stroudsburg High School students on four separate occasions: a canoe trip on the Delaware River where students explored the river and learned new skills, an in-class visit where students mapped out human impacts on the river and learned about its local history, and 2 days of hands-on investigations where students considered human impact on local waterways and designed engineering solutions.
- We began our fall field trips and class visits for Stroudsburg and East Stroudsburg Schools. Students experienced a redesigned Pocono Habitats program that had them thinking like scientists to investigate the differences between their schoolyard habitat and the forest here at Kettle Creek.
- We look forward to continuing school programs throughout October and fun public events like our Fall Festival on 10/10 and joining The Nature Conservancy in celebrating the Tannersville Cranberry bog on Bog Day on 10/19.

September Program Details:

Reserved Programs

<i>Date</i>	<i>Group Name</i>	<i>Program</i>	<i>Number of Students</i>	<i>Number of Adults</i>
9/7/2025	Private Bog Walk	Bog Walk	10	15
