

## ENVIRONMENTAL EDUCATION

May 2020

ROGER SPOTTS  
ALESIA GALLO  
MATT GIAMBRA  
BRITTNEY COLEMAN  
JOSIE MARINO

### PROGRAM TOTALS Year To-Date:

Programs	- 89
Attendance	-2,637

### Site:

- All EE staff is involved with various site maintenance duties in absence of maintenance staff.

### Programs:

-Covid 19 has caused us to cancel all public programs and several group programs. Schools have cancelled all spring programs.

-EE staff has produced numerous on-line programs for schools and the general public. We have done virtual field trips for the standard programs we typically do in the spring. Response from teachers has been positive.

-Statewide Envirothon competition cancelled. We are conducting both Jr. and High School envirothon competitions on-line following state format.

-Applications for Conservation Camp and summer day camp are being accepted.

-We have designed a series of curbside EE programs and made them available for families to do at KC outside with minimal staff contact.

-We are looking to do limited registration EE programs when Monroe Co. goes to Yellow phase.

-The trip to Chincoteague for Oct. has filled; there is still space on the Sept. Elk watching trip.

### Miscellaneous:

-We conducted an on-line poster contest for area kids with on-line voting. It has definitely helped to expand our presence on social media.

- All maple sugaring equipment has been cleaned and stored for next year.
- Brittney assisted MCPC with County water quality study.
- We are also doing curbside pick-up on bird seed which is working out very well.
- TreVaughn Ellis, a graduating senior from East Stroudsburg South was selected as the Becker Scholarship winner for 2020.
